

9.4 Double Registration

For UGC funded programmes, unless otherwise approved by the University, registered candidates are normally not permitted to register part-time or full-time for any other qualification, either at the University itself or at any other local institution of higher learning. Candidates breaching this regulation are subject to discontinuation of their studies at the University.

9.5 Student Visa

The Hong Kong Immigration Department requires all full-time non-local students (from overseas or the Chinese Mainland) to obtain a student visa in order to study in Hong Kong. Applications should normally be made at least two months in advance. Part-time non-local students should possess appropriate and valid visa to prove their eligibility to stay and study in Hong Kong.

Applicants from the Chinese Mainland should submit their student visa applications through the University. Applicants will be informed of the details once they are given the admission offer.

Applicants from overseas should make their own enquiries about the student visa requirements from a Chinese Embassy in their home territory, or by writing directly to: The Immigration Department, 7 Gloucester Road, Wanchai, Hong Kong. Students who have encountered difficulties in nominating a local visa sponsor may approach the Graduate School for assistance.

9.6 Enquiries

For initial and general enquiries, please contact the Office of Graduate School. Special enquiries concerning details of fields of research and study programmes may be directed to the respective Faculty/School or course.
