表達除了向外作為一種訊息傳遞外，向內同時是表達作者的自我觀照，在藝術創作上，自我觀照很多時表現為一種精神的昇華，思維、直覺、信念都會隨之而深化或改變，並會帶動概念的更新。

Besides turning outward the communication of a message, expression is also the self-reflection of the person who performs it. In artistic creation self-reflection often appears as sublimation of the mind. Thinking, intuition and belief will also deepen or change accordingly and set in motion the renewal of concepts.
