

縱橫漢字輸入法理論與實踐研討會
潮州市
14-17 April 2006

The Director of ITSC together with colleagues Mr. T.H. Ng, Mr. S.H. Tong, and Mr. Albert Leung attended the workshop. During this trip, we visited several local schools and also attended the forums with distinguished speakers from various mainland higher education institutions and government offices. We have gained the successful experiences of how the 漢字輸入法 be promoted to the senior people, kindergarten children, and primary school students. The forums were enjoyable and fruitful.
