

Dear Students,

**Termination of WeChat Pay Bill Payment Platform
with effect from 1 November 2021**

Following our earlier e-Announcement dated 19 July 2021, please be reminded that the WeChat Pay bill payment platform will be terminated with effect from 1 November 2021.

International students who make cross-border payments (including China) to the University may select alternative payment methods, including Flywire, bank draft or telegraphic transfer. For more details about these cross-border payment options, please click [here](#).

For students' information, the University had recently launched Flywire payment platform on 2 August 2021. With Flywire, students can pay the exact billing amount in HKD to the University while settling such payment in their home currency through various payment options, such as ebanking, Visa Card, MasterCard, UnionPay, American Express, Alipay and PayPal. For more information about Flywire, please refer to (i) Flywire Payer Guide (click [here](#)); and (ii) Introductory Video for Flywire (click [here](#)).

If you have any questions on the above, please feel free to contact the Finance Office hotline at 3411-2266 or fostudent@hkbu.edu.hk.
