## OUR SUSTAINABILITY INITIATIVES

HKBU is committed to achieving carbon neutrality for Scope 1 and 2 greenhouse gas emissions by 2044, with an interim target of reducing them by 50% by 2035/36 as compared to the 2012/13 level, through a four-pronged approach of energy saving and green buildings, green transport, waste reduction and HKBU community engagement.

## OUR VISION

To be a leading liberal arts University in Asia for the world delivering academic excellence in a caring, creative and global culture.

## OUR MISSION

HKBU is committed to academic excellence in teaching, research and service, and to the development of the whole person in all these endeavours built upon the heritage of Christian higher education.
